3-Gun Match 30 August 2020

Rev 2.2 – 25 August 2020

The 3-Gun Ten Commandments

1. Thou shalt not allow thy muzzle to point at any person! Thou shalt keep thy muzzle pointed downrange when drawing or holstering. Thou shalt not sweep thy neighbor, nor thy neighbor's wife, nor thy neighbor's ass (*nor any other portion of their anatomy!*) Safety! First, Last, and Always.
2. Thou shalt abide by all CPFG Club Safety Rules, and thou shalt have fun!
3. Protect thine eyes and ears at all times, be thee shooter or spectator.
4. Except when shooting, loading, or unloading, thou shalt keep thy pistol holstered.
5. Thou shalt not close the action of thy rifle or thy shotgun until thou loadest it at the Load Station. Thou shalt open thy rifle's and thy shotgun's actions before leaving the stage.
6. Thou shalt show thy pistol clear, then holster it, with action closed and hammer down, upon ending thy stage.
7. Thou shalt attend the Safety Meeting, and thou shalt pay attention whilst there.
8. Suffer not thy gun to fall upon the ground. A dropped gun is "Dead". Only the Range Officer may retrieve or pick up a dropped gun.
9. Suffer not thine ammunition to fall upon the ground. Dropped ammo is "Dead". It may only be retrieved by the brass pickers, after the shooter has completed the stage.
10. Be not a slacker! Thou shalt keep the stage moving, and do thy part to help score, count misses, reset or tape targets, and police the brass and spent shells of thy brother and sister shooters.

Country Pond Fish & Game Club 3-Gun Safety Rules & Conventions

SHOOTERS UNDER 18 MUST BE ACCOMPANIED THROUGHOUT THE MATCH BY A PARENT OR LEGAL GUARDIAN.

SAFETY RULES

- All shooters and spectators on the range are required to wear eye and ear protection, anytime the range is "hot".
- Guns may only be loaded at the stage Loading Table or on the Firing Line.
- Due to limited space and the layout of our range facilities, only one shooter is allowed at the Loading Table at any one time.
- No one shall leave the immediate vicinity of the Loading Table with a loaded gun, except to proceed directly to the Firing Line.
- When moving with a gun in hand, the trigger finger must remain OUTSIDE the trigger guard.
- When moving between static shooting positions with a loaded long gun, the bolt must be open or the safety must be engaged.
- All abandoned guns must be either (1) open and empty or (2) on safe
(If it has a safety it **MUST** be engaged; if it's a decocker it **MUST** be decocked.)
- Shooters may not REHOLSTER a loaded gun.
- All guns must be cleared before leaving the Firing Line.
- All UNLOADED guns, other than holstered pistols, shall have chamber flags inserted at all times.

THE MATCH

This match will consist of three stages and is being shot in three separate Relays, with only one squad on the range for each Relay. Relays have been allotted 2-1/2 hours to complete all three stages, with Relay #1 starting at 0900, Relay #2 at 1130, and Relay #3 at 1400.

The entire squad will shoot Stage 1, then move to Stage 2, and subsequently to Stage 3.

Squads will police all shotshells before moving to the next stage. Remember, we're here to have fun. If you need to be a nitpicker or a hard-ass about the rules or scores, or you're not willing and eager to HELP other shooters, please find another venue. We won't miss you.

EQUIPMENT REQUIREMENTS

Shooters need a pistol or revolver, a rifle, and a shotgun. You'll need a holster that will hold the handgun securely while moving. Except for Cowboy rigs, holsters must cover the trigger. You'll also need some means of holding shotshells on your body, at least one extra rifle magazine, and at least one extra pistol magazine or speed loader, as reloads are required.

Any firearm used for pistol targets must be chambered in a typical PISTOL round. i.e. 9x19mm, 45ACP, etc, and must be carried in a holster designed for that gun.

Any firearm used for rifle targets must be a rifle, carbine, or SBR (Short Barreled Rifle) only, but may be chambered for either rifle or pistol rounds. No AR style pistols may be used to engage rifle targets.

AMMO REQUIREMENTS

7.62x51mm (.308 Winchester) or stronger rifle calibers are prohibited.

Shotgun shells must be #7-1/2 or smaller LEAD shot only. Slugs must be LEAD only (no sabot rounds).

AMMUNITION CONTAINING ANY STEEL PROJECTILE(S) IS STRICTLY PROHIBITED.

CONVENTIONS - UNLESS OTHERWISE SPECIFIED IN THE STAGE DESCRIPTION:

LOADED TO CAPACITY is defined as having the maximum number of rounds loaded that the gun and magazine will hold, including one round in the chamber.

PISTOLS: Shooters shall start each stage with a holstered pistol or revolver, loaded to capacity, including one round in the chamber.

Shooters using Cowboy gear may start with two revolvers, but each must have an empty chamber under the hammer.

STAGED GUNS: All staged guns shall be staged and restaged safely. How you stage 'em is up to you as long as they're safe. If it falls after you stage it, and it's not a prop failure, tough, that's a DQ; be more careful next time. Staged guns may be loaded to their full magazine capacity. A round may be chambered only at the direction of the Range Officer. Any safety mechanism must be in the "safe" position.

STARTING POSITION: If no starting position is given, the shooter may start any way they damn well please. Our way probably ain't your way, but that doesn't make either way wrong. You can start crouched down, standing upright, kneeling, slouched over, sitting, hands on guns, hand on ammo, face down in the dirt, finger up your nose... whatever.

PORT ARMS is defined as: standing upright with the butt of the gun at or below the waist of the shooter and with the muzzle at or above the shoulder, pointed downrange. The gun must be held with one hand on the wrist or grip area of the gun and one hand on the forearm area. When starting with a gun at Port Arms, it should be loaded "hot": with a round in the chamber.

RELAXED READY: standing upright with the rifle or shotgun held in both hands, no higher than the navel, level and pointed downrange. A gun held at Relaxed Ready is loaded "hot".

LOW READY (Long Gun): butt of gun is mounted on the shoulder and muzzle is at or below the waist, pointed downrange.

LOW READY (Handgun): the pistol is held in one or both hands and the muzzle is at or below the waist, pointed downrange.

Guns held at Low Ready are also loaded "hot".

RANGE COMMANDS

“THE LINE IS HOT, SHOOTERS STAGE GUNS”

The next shooters shall stage their guns and finish loading, according to the Stage description. Following shooters may move to the Loading Tables at this time.

“IS THE SHOOTER READY? ... STAND BY”

If the Shooter is ready, they need not respond. After "STAND BY" is given there will be a short delay before the start signal sounds to begin firing.

“SHOW CLEAR, SLIDE FORWARD, HAMMER DOWN, HOLSTER”

Commands given at the end of the stage course of fire.

“THE LINE IS CLEAR, RESET AND TAPE TARGETS”

Any Shooters at the Loading Tables shall step away, leaving any loaded guns on the table.

Spotters will reset and tape targets as required.

No one shall handle any firearms anywhere on the range until "THE LINE IS HOT" is sounded.

SCORING & PENALTIES - UNLESS OTHERWISE SPECIFIED IN THE STAGE DESCRIPTION:

Final Score = Raw Time (from signal to last shot fired) + Penalties

- Targets may be shot in any order.
- When shooting from a Shooting Box, both feet must be in the box.
- Reloads may be made only after the first round from that gun has been fired.
- Knockdown targets must fall to count as hit. *(All knockdown targets may be reengaged until down.)*
- Knockoff plate targets must fall to count as hit. *(All knockoff plates may be reengaged until down.)*
- Aerial targets must be hit before reaching the ground. Targets that break on launch are scored as hit, but must still be engaged.
- All paper/cardboard targets must receive one hit in the “A” zone or two hits anywhere on the target to count as Neutralized. Only one hit, outside the “A” zone = **Failure to Neutralize**. No Hits = **Miss**. *(Extra hits incur no penalty.)*
- Failure to Neutralize [FTN] = **+5 seconds each**
- Procedural *(i.e. Engaging targets in the wrong order or with the wrong gun)* = **+5 seconds (One Procedural per Gun Max)**
- Miss = **+10 seconds** for each target engaged but missed
- Hitting a “No Shoot” target = **+10 seconds per hit**
- Target Not Engaged [TNE] = **+15 seconds each** *(If a target was previously struck with the wrong gun the shooter must engage the target – or the space where it was – in order to avoid this penalty.)*
- Spinner Fault *(Failure to cause spinner target to make one complete revolution)* = **+60 seconds**
- Stage Not Fired [SNF] *(Failure to shoot a Stage)* = **15 seconds X number of targets on that stage**
- Stage Disqualification [SDQ] = **600 seconds**
- Match Disqualification [MDQ] = **NO SCORE for every Stage**, and you're done shooting for the day
- Hitting a steel target less than 35yds away with a shotgun slug = **MDQ + target replacement cost**
- Two Stage Disqualifications = **Match Disqualification**
- Breaking the 180° plane with the muzzle of any gun = **SDQ**
- Abandoned gun either not on safe or not empty = **SDQ**
- Dropping or losing control of an UNLOADED gun = **SDQ**
(A gun is considered loaded if there is a round in the chamber, cylinder, or inserted magazine.)
- A negligent discharge that does not impact any prop or within 10 feet of any person = **SDQ**
(The above SDQs would result in an MDQ at most venues. If you do one of these things, make it a learning experience.)
- Moving with gun in hand and finger inside the trigger guard = **MDQ**
- Dropping or losing control of a LOADED gun = **MDQ**
- Sweeping anyone *(other than yourself)* with the muzzle of a gun, loaded or not = **MDQ**
- Any rifle or pistol round fired over the berm = **MDQ**
- A negligent discharge that impacts any prop *(other than fencing)* or impacts within 10 feet of any person = **MDQ**
- Unsportsmanlike Conduct = **MDQ**

RESPONSIBILITIES

We're a small group at CPF&G, so everyone who participates in our 3-Gun Matches needs to pitch in and do their part in helping out wherever they can, whether it be keeping score, resetting targets, taping targets, spotting, or running the timer. Anyone who'd like to show up early to help set up targets, props, etc. is VERY welcome! Same if you'd like to hang around after and help us tear down and put stuff away.

RANGE OFFICER / TIMER OPERATOR

The Range Officer / Timer Operator keeps everything running on schedule... or at least tries to. They ensure that each shooter is ready to participate, times each stage, and assists the shooter to make sure that everything goes well.

SCORE KEEPER

The Score Keeper enters the elapsed time and any bonuses, misses, or procedurals on each scorecard.

SAFETY OFFICER

Everyone's a Safety Officer. If you see someone do anything you think is unsafe, let the RO or Match Director know immediately.

SPOTTERS & TARGET SETTERS

The Spotters/Setters count misses (paying attention to any flying targets), reset knockdown targets, police up spent shotshells, and paste paper targets between shooters. The more people we have doing these things, the quicker the next shooter gets to the line.
