Politics & Legislation

by John Faro, Political Junkie

I think all of you would agree with me that 2020 was a roller coaster ride all of us would rather forget. Unfortunately, our political enemies are not about to let that happen.

I made a comment at one of our recent meetings: *"The anti-gun politicians have our Second Amendment rights centered in their cross hairs."* That comment was met with skepticism. Well, pay attention: if our friends in the US Senate don't at least maintain the majority, or increase it, our enemies are coming after us. They don't care what our Constitution or Bill of Rights has in it.

If these folks can get away with stealing a Presidential election, they are not going to let the Constitution get in their way. That is why the senate race in the state of Georgia is so very important. If the US Senate is a 50/50 split with Ms. Harris as the tie breaker as Vice President, we will not have a chance to protect ourselves or our rights. It may sound far-fetched to some, but it could happen.

As of this writing, we don't know what is going to happen in the state of Georgia. Things could get very tenuous if it goes

against us. If President Trump can keep fighting to the bitter end can we do any less?

In the Granite State, we still have Governor Sununu covering our backs. A lot of LSRs (Legislative Service Requests) have been filed, mostly by Democrats, with a lot of the same old legislation we have fought off in the past several years. Waiting periods, large capacity magazine bans, limiting gun purchases to one or two a month, revamped and reworded "red flag" nonsense... the list goes on.

Our New Hampshire Democrats are like sharks that smell blood in the water. They are hoping that the situation in the DC Swamp will get our attention, so they can slip their nonsense past us in the middle of the night.

The Gun Owners of NH, the NH Firearms Coalition, and the NH firearms community at large will be vigilant about tracking their shenanigans. Be alert, stay involved, be active. It could be us - you and me - that keep this country from falling into the abyss of socialism, total government control, and

the loss of our precious Second Amendment rights.

If we plan on leaving a better country for our children and grandchildren, we, the grassroots Americans, have to get the job done. Educate yourselves and the people closest to you about what is going on around us. They will not hear it from the mainstream media or in our schools. We stand together or we fall. It is up to us.

Merry Christmas and Happy New Year to all. Pray for a better 2021.
