## **COWBOY ACTION SHOOTING MATCHES**

Howdy Folks!

Cowboy Action Shooting (CAS) is all about dressin' up like folks did in the Old West and shootin' guns that were commonly used back then.

The targets are steel plates, and they're pretty big and pretty close, so expert marksmanship is NOT required. We set up our matches so that every shooter, regardless of experience, can hit every target. Winners are determined by just how quickly they hit those targets.

Our matches are pretty easy – we don't try to compete so much as have a good time. Havin' a good time, along with being SAFE, are two rules that we strictly enforce.

As far as dressin' up, we're not terribly formal about that, but dressin' up is half the fun! All you really need is pair of jeans, a long-sleeved shirt, a cowboy style hat, and boots. The only things that we really insist on are: No Baseball-style Caps, No Sneakers, No Short-Sleeve Shirts, and No Nylon, Web, or Velcro Gear. They just didn't have any of that stuff in the 1800s.

We use firearms that were available prior to 1899 - originals or replicas. You'll need two single-action six-guns, a lever-action rifle (in pistol caliber only), and a double-barrel or exposed-hammer pump shotgun. If you don't have the right guns, don't worry, most of the regular shooters are willin' to lend firearms to new shooters that haven't got the proper ones, just so they can get the hang of it. That's how I got started in this – I didn't have any of the right equipment, but one of the regular cowhands loaned me a complete setup and, a few hours later, I was hooked! A lot of us bring extra guns and ammo just in case someone shows up and wants to try this game on for size.

To shoot a match at CPF&G, you'll need about 60 rounds each of pistol and rifle ammo, and a 25-round box of shotgun shells. Both rifle and pistol ammo must be pistol caliber (.45 Colt, .44 Special, .38 Special, etc.) LEAD bullets only – no jacketed or rifle caliber ammo allowed – and all ammo should be mild field or target loads (it doesn't take much to make a steel plate go "Ding!" from 25 feet away). Shotshells must be size 7 ½ or smaller LEAD shot. If you're borrowin' guns from someone, you can probably borrow some ammo as well.

Our matches are divided into six "Stages". Each stage is a different course of fire, and each stage has a "Scenario" to go with it. The scenario is a short storyline that explains why each stage is set up the way it is. A typical scenario might start out with "You're in the saloon playin' poker when in walk two hombres with fire in their eyes..."

We shoot three stages, break for lunch, then shoot three more stages.

The stages and scenarios are different for each match. They're posted in advance on Piney Woods' website, at [www.pineywoodsplace.com/cpfgeas.html](http://www.pineywoodsplace.com/cpfgeas.html). There are also links on that page that lead to all kinds of information about this game and how we play it here at CPF&G. Results are posted in the same place within a day or two after the match.

This year we'll be hosting six CAS matches at CPF&G. We held our first one on April 12th, when we had "The Great Easter Bunny Hunt". Our remaining 2009 matches will be held on September 20th, and October 11th. Match Registration is from 10:30 to 11:45, followed by a mandatory safety meeting. The actual match starts at high noon, and we're usually done by 4:30. As far as cost goes: it's \$5.00 for CPF&G Members, \$10.00 for non-

members, and Juniors (under 16) shoot FREE.

We feel our match is the perfect place to come out and experience what CAS is all about. Once you've tried it you'll be hooked! The folks here are a friendly bunch and no matter what your skill level you're welcome to come join us! For a taste of what it's like, you can find photos from past matches at the CPF&G website, at Piney's website on the previous match results pages (above), and at [www.wildbillblackerby.com](http://www.wildbillblackerby.com). Come on down and live like a cowboy or cowgirl for the day!

Hope to see ya out on the range,  
Piney & Wild Bill Hope

## RIFLE LEAGUE

The Rifle League continues to meet Monday evenings. The start time is 18:00 and we will finish by 1/2 hr after sundown. We plan to shoot every Monday night through September.

This is a free style event with an "any caliber/any action" (following all club range and safety rules) format. As opposed to competition scoring, the league is designed to set aside a time when members of all experience levels having an interest in riflery can meet to share experience and to gain expertise. There is a place for everyone from new shooters to bench rest experts. The summer is a busy season for most people but the league is casual with no specific attendance commitment required--you are welcome any Monday that you have the time. If you have any questions, contact John DeYoung at 603-642-3246.

## NEWSLETTERS BY EMAIL AND ON THE WEB

CPF&G has over 500 members receiving their newsletter via email every month. In addition to saving the club money and saving time and effort for the people who fold, label and mail the newsletters every month, these folks also receive up-to-date and timely information as it becomes available. Being on the club's e-mail distribution list is a great way to receive your newsletter, to be provided with timely information, and to save the club money. If you'd like to be added to our list, please e-mail Andy Deardorff at [a-deardorff@comcast.net](mailto:a-deardorff@comcast.net).

The club newsletter is also now available on our website--go to

[www.countrypondfishandgameclub.com](http://www.countrypondfishandgameclub.com) and click on the "Members Only" tab. Enter the range door code access number, with asterisk (this is on your membership card), and you will be able to access not only this month's newsletter and calendar, but previous editions as well!

The Newsletter is usually sent out about a week before the first of every month. If you're not receiving it in a timely fashion, please contact Andy.

## PRESIDENT'S MESSAGE

Autumn is knocking at the door and hunting season is right around the corner. It has been a less than memorable summer. With your help we can make fall an excellent season for the shooting sports.

September 17<sup>th</sup> is our next meeting date. I want to remind our members that this is the meeting that you the members set the dues and fees for 2010. This is your opportunity to participate in the governing process at your club. A meeting you should make an effort to attend.

Some of the activities scheduled for this month are: A GSB shoot. If you are into Archery this could be the event for you. A complete course of targets is set out around the club property to test your skills with bow and arrow.

An indoor Pin Shoot is also on tap this month. Sharon and her "gang" will be organizing and conducting this activity. Give it a try.

We also have a work party scheduled to help keep the club up to our standards for safety and your enjoyment.

A CMP shoot is also scheduled. The Civilian Marksman Program has been in existence since the end of WWII. This is military rifle shooting at its finest. Steve Sousa and his crew do an exceptional job with this event. If you are into military rifles this is the event for you.

Our .22 Cal Handicap Pistol League will hold their organizational meeting this month and commence shooting before the end of the month. The league is a good way to hone your pistol skills and spend some time with people who appreciate firearms.

Our Cowboys will be on the range again this month with the cowboys and Cowgirls competing to be the fastest gun in the territory. Piney Woods and his "posse" do a great job of organizing and running one of our club's premier events. Not only is this activity challenging but also a lot of fun with the period dress and the great folks who participate. If you have never attended a Cowboy Shoot come on down and see for yourself how much fun it is.

The dates and times for all these events and activities are posted on this month's calendar and on the club web site.

Thanks for taking the time to read this. It's your club; it is up to you to make it something to be proud of.

John Faro, President

## POLITICAL NOTES

Gun control groups have had a lot to complain about in 2009. Firearms and ammunition sales continue to skyrocket, people continue to seek concealed carry licenses in droves, and gun rights reform continues to sweep the country. Their one "victory" was defeating the national reciprocity amendment, which wasn't universally supported by the pro-gun side.

Groups such as the Brady Campaign have been very unhappy that

they have been unable to push their anti-gun agenda and bring back the "assault weapons" ban, close the "gun show loophole" (both fallacies), or enact any of their myriad of gun control schemes. They blame the "powerful gun lobby" for their failures, when really the problem is that most Americans just don't agree with them and our country's leaders are following the will of the People (crazy concept, isn't it).

(Source: Daniel White, Examiner.com)

The United States Senate recently voted on an amendment that would have allowed Right to Carry license holders to carry in all other states that also grant carry licenses. The amendment, sponsored by Sens. John Thune (R-S.D.) and David Vitter (R-La.), won a significant majority of votes, 58 to 39, but failed to reach the 60 votes needed to avoid a Senate filibuster.

Anti-gun senators have long argued that the majority of Americans do not support firearms freedoms. They made this erroneous claim once again during the debate on the Thune/Vitter amendment. A new poll has proven them wrong (again).

Conducted by Zogby International and The O'Leary Report, the poll looked at Americans' opinions on some key issues related to the Second Amendment.

It will come as a shock to the 39 senators who voted to deny law-abiding Americans their right to self-defense when traveling outside their home states, but the results showed

that 83% of Americans support Right to Carry laws. (Source: NRA-ILA)

Dr. Charles Krauthammer is on Fox News and is a Medical Doctor. He is forthright and careful in his analysis and never resorts to emotions or personal insults. He is brilliant, intellectual, seasoned and articulate. His analysis of President Obama:

1. He is very intellectual and charming individual. He is not to be underestimated.

2. He has political skills comparable to Reagan and Clinton.

3. He has a ruthless quest for power.

4. His three main goals are to control energy, public education and national health care.

5. He has surrounded himself with mostly far-left academic types.

6. He doesn't really see himself as President of the U. S.A., but ruler of the world.

7. He is now handing out goodies in support of his reelection in 2012.

The current level of spending is irresponsible and outrageous. We are spending trillions that we don't have.

There is a left-wing revolution going on, according to Dr. Krauthammer and he encourages us to keep the faith and join the loyal resistance. The work will be hard, but we're right on most issues and can reclaim our country, before it's far too late.
