COWBOY ACTION SHOOTING MATCHES

Howdy Folks! Cowboy Action Shooting (CAS) is all about dressin' up like folks did in the Old West and shootin' guns that were commonly used back then.

The targets are steel plates, and they're pretty big and pretty close, so expert marksmanship is NOT required. We set up our matches so that every shooter, regardless of experience, can hit every target. Winners are determined by just how quickly they hit those targets.

Our matches are pretty easy – we don't try to compete so much as have a good time. Havin' a good time, along with being SAFE, are two rules that we strictly enforce.

As far as dressin' up, we're not terribly formal about that, but dressin' up is half the fun! All you really need is pair of jeans, a long-sleeved shirt, a cowboy style hat, and boots. The only things that we really insist on are: No Baseball-style Caps, No Sneakers, No Short-Sleeve Shirts, and No Nylon, Web, or Velcro Gear. They just didn't have any of that stuff in the 1800s.

We use firearms that were available prior to 1899 - originals or replicas. You'll need two single-action six-guns, a lever-action rifle (in pistol caliber only), and a double-barrel or exposed-hammer pump shotgun. If you don't have the right guns, don't worry, most of the regular shooters are willin' to lend firearms to new shooters that haven't got the proper ones, just so they can get the hang of it. That's how I got started in this – I didn't have any of the right equipment, but one of the regular cowhands loaned me a complete setup and, a few hours later, I was hooked! A lot of us bring extra guns and ammo just in case someone shows up and wants to try this game on for size.

To shoot a match at CPF&G, you'll need about 60 rounds each of pistol and rifle ammo, and a 25-round box of shotgun shells. Both rifle and pistol ammo must be pistol caliber (.45 Colt, .44 Special, .38 Special, etc.) LEAD bullets only – no jacketed or rifle caliber ammo

allowed – and all ammo should be mild field or target loads (it doesn't take much to make a steel plate go "Ding!" from 25 feet away). Shotshells must be size 7 ½ or smaller LEAD shot. If you're borrowin' guns from someone, you can probably borrow some ammo as well.

Our matches are divided into six "Stages". Each stage is a different course of fire, and each stage has a "Scenario" to go with it. The scenario is a short storyline that explains why each stage is set up the way it is. A typical scenario might start out with "You're in the saloon playin' poker when in walk two hombres with fire in their eyes..."

We shoot three stages, break for lunch, then shoot three more stages.

The stages and scenarios are different for each match. They're posted in advance on Piney Woods' website, at www.pineywoodsplace.com/cpfgeas.html. There are also links on that page that lead to all kinds of information about this game and how we play it here at CPF&G. Results are posted in the same place within a day or two after the match.

This year we'll be hosting six CAS matches at CPF&G. Our remaining 2009 match will be held on October 11th. Match Registration is from 10:30 to 11:45, followed by a mandatory safety meeting. The actual match starts at high noon, and we're usually done by 4:30. As far as cost goes: it's \$5.00 for CPF&G Members, \$10.00 for non-members, and Juniors (under 16) shoot FREE.

We feel our match is the perfect place to come out and experience what CAS is all about. Once you've tried it you'll be hooked! The folks here are a friendly bunch and no matter what your skill level you're welcome to come join us! For a taste of what it's like, you can find photos

from past matches at the CPF&G website, at Piney's website on the previous match results pages (above), and at www.wildbillblackerby.com. Come on down and live like a cowboy or cowgirl for the day!

Hope to see ya out on the range,
Piney & Wild Bill Hope

3-D ARCHERY UPDATE

We had a pretty good turnout considering that it was Labor Day. We had 95 shooters and we took in just under \$1,000 including the kitchen. We had a lot of fun as many came and rushed out without turning their score cards in. We have another shoot coming up in Feb. 2010.

I would like to thank Steve Chase, David Pray (non club member), Dick Tuites, and Dan K. for all their help on the set up and breakdown of the course. All in all, it seemed to go pretty well. And also a special thanks to Chef Mike Cormier for another wonderful pulled pork sandwich that made everyone's belly happy.

Hope to see you at the next shoot. If anyone need more info feel free to drop me a line at scottndiane@juno.com.

Scott Rogers
3-D Archery Coordinator

ATTENTION RIFLE SHOOTERS!

The 2009 CMP season is underway this year with our next bolt action shoot on Sunday, October 4 from 12:30 PM to 2:30 PM and our next AR-15 shoot, and last shoot of the season, is on Sunday, October 18th from 12:30 PM to 2:30 PM. The CMP shoots are designed for rifle competition with military service rifles. We use modified targets to simulate 100 yd, 200 yd and 600 yd ranges. We mix up the

shoot using offhand, sitting/kneeling and prone positions. This year, besides using any proper bolt or semi-auto service rifle, there are two fun shoots scheduled for any AR-15 style rifle.

See the remaining schedule below or contacts Steve Sousa at email address shooter1911@hotmail.com for further information.

RIFLE LEAGUE

The Rifle League continues to meet Monday evenings. The start time is 18:00 and we will finish by 1/2 hr after sundown. We plan to shoot every Monday night through September.

This is a free style event with an "any caliber/any action" (following all club range and safety rules) format. As opposed to competition scoring, the league is designed to set aside a time when members of all experience levels having an interest in riflery can meet to share experience and to gain expertise. There is a place for everyone from new shooters to bench rest experts. The summer is a busy season for most people but the league is casual with no specific attendance commitment required--you are welcome any Monday that you have the time. If you have any questions, contact John DeYoung at 603-642-3246.

NEWSLETTERS BY EMAIL AND ON THE WEB

CPF&G has over 500 members receiving their newsletter via email every month. In addition to saving the club money and saving time and effort for the people who fold, label and mail the newsletters every month, these folks also receive up-to-date and timely information as it becomes available. Being on the club's e-mail distribution list is a great way to receive your newsletter, to be provided with timely information, and to save the club money. If you'd like to be added to our list, please e-mail Andy Deardorff at

a-deardorff@comcast.net.

The club newsletter is also now available on our website—go to www.countrypondfishandgameclub.com

and click on the "Members Only" tab. Enter the range door code access number, with asterisk (this is on your membership card), and you will be able to access not only this month's newsletter and calendar, but previous editions as well!

The newsletter is usually sent out about a week before the first of every month. If you're not receiving it in a timely fashion, please contact Andy.

PRESIDENT'S MESSAGE

Hunting season is rapidly approaching. For those of you who hunt I wish you great success this season. Keep in mind your club and our annual Game Dinner when you are successful with the hunt. We want all our members and their guests to enjoy the bounty of the great outdoors.

By the time you read this our Pistol League will be up and running. This is our .22 handicap league. Because we use a computerized handicap system everyone is competitive whether you are a novice, intermediate or expert shot with a pistol. The league meets Wednesday evenings starting around 6 PM for 17 weeks. There is a fee of \$5 per match. Coffee and doughnuts will be provided. This is a great opportunity to meet other club members and hone your shooting skills.

We have scheduled some work parties for the maintenance of the ranges and club grounds. There hasn't been a good response from our membership. The reason we have these work parties is to keep the cost of club and range maintenance as low as possible. The obvious side

effect of this is reflected in the cost of membership. The more we can rely on volunteers the greater our success in keeping costs down. These savings are passed on to the membership in the form of reasonable dues and fees. If we have to contract with outside help to do the work we can not keep operational costs down with the results of increased expenses and increased dues and fees. Help us help you by volunteering whenever you can to keep our club and facilities in A one condition.

Another way of helping your club prosper is to participate in club leagues, activities and events. We have varied events that I'm sure some if not all will interest you and prompt your participation. Check out the newsletter and calendar for the dates and times of all our activities.

If you have ideas for shooting activities or any activity ideas I would like to hear them. You can contact me via e-mail, telephone (answering machine) or in person at the club. Innovative ideas are always welcome.

Thanks for taking the time to read this. It's your club, it is up to YOU to make it successful and something we can all be proud of.

John Faro, President

POLITICAL NOTES

Federal: The issue of Obama Health Care has everybody's attention right now. As horrendous as this proposed cure for our health care "crisis" is there are provisions in it that should grab the interest of every firearm enthusiast and owner.

Every major health care bill being considered in Congress would require many (if not most) Americans to be covered by insurance policies written by the

Obama administration – so called Obama Care.

Among other things, Obama Care will certainly require, by regulation, that gun-related medical data be fed into a federal health database – pursuant to a \$20 billion program Obama insisted be included in the \$787 billion stimulus bill.

As a gun owner who doesn't want this data to be trolled by the BATFE from a federal database, you may say: "I'm not going to buy an Obama Care policy."

Well, anti-gun Democrat Max Baucus (D-MT) has a question for you: "How would you like to pay a \$3800 a year fine?"

That's right. In a legislative draft recently released this week, Baucus would fine you up to \$3,800 for not buying precisely the insurance policy which Barack Obama orders you to buy. (Source: Gun Owners of America).

Massachusetts: There is so much political turmoil in the state with the passing of Senator Kennedy and the shenanigans of Governor Duval Patrick I don't know how anyone can keep up with it all. I suggest our Bay State members visit the Gun Owners Action League web site to be updated on what the heck is going on. I don't have enough space in this newsletter for it all.

New Hampshire: There have been a couple of onerous bills circulating in the Granite State that have gone absolutely nowhere because of the efforts of your Gun Owners of New Hampshire organization. Vigilance is the key word for this organization that is protecting your firearm rights on the state level. If you are a resident of New Hampshire and you do not belong to this NRA state affiliate group you are making a grave mistake in my opinion. They are watching the politicians. They need your help and support.
